

## COOKING UP BIG SAVINGS ON APPLIANCES.

The One Card That Does It All.

## Co-op Connections

Your local electric cooperative's Co-op Connections Program helps you save energy and money. The newest feature is our **Appliance Rebate Finder**, where you can find valuable rebates on energy efficient products. From heating and cooling to refrigerators and washing machines, you can find all the ways to save at [www.connections.coop/rebates](http://www.connections.coop/rebates).

# Now, Even More Ways to Save

Since 2011, CVEA members have been saving money with the Co-op Connections Card given to them as a benefit of membership at CVEA. "If members are not taking advantage of this benefit, they're leaving money on the table," according to Sharon Crisp, CVEA Manager of Member Services. "Our goal with Co-op Connections is to help keep money in members' pockets. We can't control the cost of fuel used for generating power, but with Co-op Connections, we can help members with the cost of everyday purchases."

The card offers discounts at local merchants and national brand businesses and pharmacies, printable and downloadable coupons, a healthy savings program, a cash back purchasing program, and now the new Appliance Rebate Finder.

The best part about these programs is that they're all offered

to CVEA members at absolutely no cost!

### Healthy Savings Program

The Healthy Savings Program is available to members who show their Co-op Connections card. Savings examples include 10-60 percent off eyeglasses, contact lenses, and eye exams at national providers like Lenscrafters and Sears Optical and 30 percent off chiropractic treatments.

This program cannot be used in conjunction with or as a replacement for insurance, but the discounted price through the Healthy Savings Program may even be lower than insurance at times.

Many CVEA members are already going to near-

by large cities to tend to healthcare needs; this program can now help them save money doing what they already do.

### Cash Back Mall

Members can earn cash back from online purchases with their CVEA Co-op Connections Card.

While CVEA advocates for shopping at our local merchants, the fact is that lots of people in our remote communities shop online, so why not get money back from it?

With Cash Back Mall, members can earn cash back on purchases of more than 300,000,000 products from more than 5,000 leading online merchants. It's the same sites members are already shopping at today, but now members will get more for their money.

Again, this benefit costs you nothing, but pays tax-free income for doing what you're already doing.

To start earning cash back today, visit [cvea.org](http://cvea.org) and click on the Co-op Connections Card link on the home page. You'll see Cash Back Mall on the

Finally, Touchstone Energy and Co-op Connections has teamed with Coupons.com to bring you valuable coupons every day! Keep coming back to take advantage of hundreds of printable grocery coupons good at over 160 supermarket chains and over 30,000 stores.

CVEA is part of the Touchstone Energy Cooperatives brand, a nationwide alliance of more than 725 consumer-owned electric cooperatives dedicated to serving their members and communities with integrity, accountability, innovation and commitment to community.

These money saving benefits are part of our commitment to helping CVEA members during challenging economic times. The programs can help our members stretch their paychecks and underscore that we're always looking out for them.
