The Board has also developed policies and a position description for the CEO that delegate tasks, powers, and responsibilities to the CEO, while also reserving specific responsibilities for the Board. The overall intent of these delegations of power and limitations on those delegations is to ensure the CEO has the authority necessary to achieve the Board's specified objectives while making clear the limits the Board is placing on the exercise of that authority.

#### **B. Interpretation**

## 104 BOARD - CEO RELATIONSHIP

### 104.1 Purpose

The purpose of this policy is to establish the policy governing the basic relationship between the Board of Directors and the CEO, including the principles involving the delegation of authority.

### 104.2. Policy

- A. In accordance with the above objective, the Board has established the following policy:
1. It is recognized that good management is the most important factor in the success of the Cooperative. In exercising such management responsibilities, the Board reserves its authority to establish policy, approve plans and programs and delegate authority to its CEO, except those that are by law, the Articles of Incorporation and Bylaws of the Cooperative conferred upon or reserved to its members.
  2. The Board recognizes its responsibility and its needs to establish policies, approve plans and programs, and delegate authority to the CEO to execute and carry out its plans, programs, and policies. All policies of the Board shall be promulgated at regular and special meetings. The CEO shall be given complete authority for managing the operations of the Cooperative in accordance with the objectives and policies set forth by the Board, including the authority to hire capable personnel within the approved wage and salary plan and policy, to train, supervise and replace them if necessary.
  3. The CEO shall be accountable to the Board for providing complete reports regarding strategic areas of operations in a manner that will allow full opportunity for the Board to measure results of management and operations. The CEO may use, at his discretion, individual members of the general staff to present special reports for him to the Board.
  4. In addition to the establishment of policies, the Board shall be responsible for approval of the overall plans involving major operations, and basic requirements such as financial forecasts, budgets, other resources, facilities, investments and the control reports necessary to measure results. The Board may also direct the CEO to conduct necessary re-planning to take corrective action to conform to Board objectives, policies, and plans.
  5. Directors shall act collectively, as the Board, under an approved order of business. Each director shall recognize that he has no authority outside of the board meeting, except and unless he is specifically authorized or assigned a project with authority to act or speak for the Board. The Board recognizes that should any Director undertake in private conversation with others to make commitments for the Board, and/or the Cooperative that Director becomes involved in a serious breach of policy.

6. It shall be the policy of the Board to refrain, as individuals, from discussing management problems with the personnel of the Cooperative. At the request of the CEO, the Board may confer with personnel at regular or special meetings of the Board.
7. It shall be distinctly understood that the 'flow' of authority for the management of the Cooperative shall pass through the CEO, and the CEO shall be the connecting link between the Board and the personnel. The Board shall require full and complete information from the CEO concerning all matters in connection with the management of the Cooperative as set forth in board policies.
8. Primarily, the purpose of this policy is to define the relationship that shall exist between the Board, who are the elected representatives of the Cooperative members, and the CEO, who is employed by the Board. The Board recognizes that efficient management of the Cooperative can exist only through mutual understanding and complete cooperation between the Board and the CEO. The CEO is expected to produce results and give an account to the Board for stewardship of the position. The CEO's performance cannot be of the best unless given latitude to exercise independent judgment in executing policies of the Board. The Board acknowledges the obligation, and gives the CEO that latitude of judgment and discretion, and expects faithful performance in carrying out all of the policies of the Board.
9. Employees will be delegated responsibility in accordance with an approved organizational plan and written job descriptions. No employee shall, at any time, receive or be required to take instructions from any member of the Board, nor will an employee contact any director with any grievance or operating problem, it being clearly understood that the Board, as the governing body of the Cooperative, establishes and approves the general policies and not operating procedures.
10. When an individual board member receives a complaint from the membership or the public, the complaint shall be referred to the CEO and a full report to the Board may be requested of the action taken. The CEO is expected to periodically inform the Board regarding evidence of members' dissatisfaction and the type and number of complaints.
11. The CEO will be expected to provide leadership in the overall board and management function and to advise and assist the Board with regard to viewpoints, objectives, policies, and plans.
12. The Board recognizes its responsibility for the employment of a CEO, and further the additional responsibility for a systematic evaluation of the CEO's performance in order that growth, development and effective improvements are encouraged.

**104.3 Responsibility**

- A. The CEO shall be responsible for communicating noncompliance of this policy to the Board during an executive session at a board meeting.
- B. All directors shall follow this policy.

## 207 CODE OF DIRECTOR CONDUCT

### 207.1 Purpose

The purpose of this policy is to set forth standards of conduct for the CVEA Board.

### 207.2 Policy

#### A. Preamble

CVEA believes that a fundamental aspect of strong corporate governance is a commitment to the highest ethical standards of conduct by the members of the Board, corporate officers and employees. In recognition of this principle, the Board has adopted this Code of Director Conduct. Every Director is expected to maintain and to foster these standards, and every Director has an obligation to disclose any action that is believed to be inconsistent with them.

#### B. Duties of Care and Loyalty

##### 1. Duty of Care

The law (AS 10.25.145) requires Directors to perform their duties as members of the Board and members of committees within the scope of the person's duties for CVEA, and with a reasonable belief that the conduct was in, or not contrary to, the best interests of CVEA. This requirement is similar to (but still different from) the duties of directors in for-profit corporations under 10.06.450(b) that they perform their duties in good faith, with sound business judgment and with the care, including reasonable inquiry, of an ordinarily prudent person. The Board and its committees take action as a body and Directors' duties are exercised as a part of those bodies. CVEA's interests are served by full and open participation by all Directors in meetings. It is the policy of CVEA that Directors shall conduct themselves professionally, with the highest standards of honesty, truth, accuracy, fairness and responsibility to CVEA and all its members. Directors shall not knowingly disseminate false or misleading information, and shall act promptly to correct erroneous communications for which they are responsible. Attached, as Attachment A, is a partial listing of certain requirements imposed by the Duty of Care.

##### 2. Loyalty

Directors must be loyal to CVEA and act at all times in the best interest of CVEA and its members. Their loyalty must be to CVEA and all its members, not just to one group of members. Directors must put the corporate and member good before their personal interest. Once the Board

has acted, a Director may seek change through Board meetings, but shall not publicly undermine public or member confidence in the Board. A partial listing of requirements of the Duty of Loyalty is attached as Attachment B.

The following discussion of the Duty of Loyalty highlights some aspects of this issue that are important to CVEA and its directors:

a. Corporate Business Opportunities

Except as prohibited elsewhere in this code, a Director may engage in business other than CVEA's business. However, a Director may not personally exploit a corporate business opportunity. A corporate business opportunity is (1) a business opportunity in CVEA's line of business, or proposed expansion or diversification, (2) which CVEA is financially able to undertake, and (3) which may be of interest to CVEA. A director who learns of such a business opportunity in any way should disclose that opportunity to CVEA and determine if CVEA is interested in taking advantage of the opportunity. If CVEA is not interested in the opportunity, then and only then, can a director or directors personally take advantage of the opportunity.

This restriction on personal exploitation of corporate business opportunities shall continue after a Director leaves the Board - no former Director may exploit for personal advantage corporate opportunities that he or she learned of as a Director.

b. Conflicts of Interest

As a general matter, business dealings that represent or appear to represent a conflict between the interests of CVEA and those of a Director should be avoided. Such conflicts may arise because of employment or business activities of a Director or Relative. While serving on committees, Board members must avoid conflicts and either disclose such conflict and avoid participating in decisions or resign from the committee.

Directors should be aware of the specific provisions of Section 4.02 of the CVEA Bylaws and of CVEA Policy 107, Conflict of Interest.

First, Bylaws Section 4.02 provides, in part, that no person may serve as a director who is an employee of CVEA or is the close relative of an incumbent director or employee, or who is in any way employed by or financially interested in a competing enterprise, including selling electric energy or electric supplies to CVEA. 'Close Relative' means a person who, by blood or in-law, including half, foster, step and adoptive kin, is either a spouse, child, grandchild, parent, grandparent, brother, sister, aunt, uncle, nephew or niece of the board member, CEO, or managers and supervisors. (See Bylaws Section 12.04 (defining close relative), Employee Handbook Policy 208 (defining close relative), and Policy 107 (defining immediate family in the same words).

Second, Policy 107 prohibits Directors and employees from receiving gifts, fees, loans, or favors from those doing business with CVEA that obligates or induces the Director or employee to compromise their responsibilities to CVEA. (This does not include gifts of a nominal value or casual entertainment.)

In addition, Policy 107 states a strong interest in avoiding matters that could be construed as a conflict of interest: *Every Director and employee of the Cooperative is expected to avoid situations which might be construed as conflicts of interest since it is not feasible in a policy statement such as this to describe all the circumstances and conditions that might be or have the potential of being considered conflict of interest.*

The following are examples of potential conflicts of interest:

i. Contracts with CVEA

As provided in Section 4.02 (c) of the Bylaws, no person may serve as a Director if he is in any way employed by or financially interested in a competing enterprise, or a business selling electric energy and electric supplies to CVEA.

Section 4.10 (d) of the CVEA Bylaws states: *No Director shall receive compensation for serving the Cooperative in any other capacity. Nor shall any close relative of a Director receive compensation for serving the Cooperative, unless the payment and amount of compensation shall be specifically authorized by the Board of Directors after determination of the need thereof.* This provision means no Director may be paid for serving CVEA in any other capacity, for instance as a consultant or as a supplier.

Policy 107 prohibits any Director or employee *from acquiring or having a financial interest in any property which the Cooperative acquires or a direct or indirect financial interest in a major supplier, contractor, consultant, or other entity with which the Cooperative does business. If members of the immediate family of a Director or employee have a financial interest as specified above, such interest shall be fully disclosed to the Board of Directors which shall decide if such interest should prevent the Cooperative from entering into a particular transaction, purchase, or employment services.* This provision means that no Director may sell property to CVEA, nor may a Director have a financial interest in an entity with which CVEA does business.

To the extent consistent with the policies and the Bylaws, a contract in which a Director (or a close relative) has a personal interest or in which there is or might appear to be a

conflict by reasons of the Director's role or a relative's connection as an owner, officer, director or otherwise with a business can be approved by the Board provided (1) that the nature of the relationship is fully and completely disclosed to other members of the Board, (2) that the contract is approved by a majority of the Board without the participation of any director who has such an interest and (3) the contract is just and reasonable for CVEA. If any Director has a personal interest in matters which come before that Board or a subsidiary's Board, he or she should ensure that interest is fully disclosed to the Board, that the director does not participate in the decision on the matter and that his or her non-participation is noted in the minutes of the meeting.

ii. Relationship with Competing Enterprise

As set forth above, under Section 4.02 (c) of the Bylaws, no person may serve as a Director if he is in any way employed by or financially interested in a competing enterprise, or a business selling electric energy and electric supplies to CVEA. As expanded by this Code of Director Conduct, Directors or close relatives may not participate as owners, officers or directors of any enterprise that is in competition with CVEA. 'In competition' means engaged in an enterprise that performs business activities that CVEA also is engaged in. Directors in violation of this provision should either resign from the competing enterprise or resign as a Director of CVEA.

iii. Gifts

As set forth above, Policy 107 prohibits Directors and employees from receiving gifts, fees, loans, or favors from those doing business with CVEA which obligates or induces the Director or employee to compromise their responsibilities to CVEA. (This does not include gifts of a nominal value or casual entertainment.) As expanded by this Code of Director Conduct, no Director or close relative shall solicit or accept gifts, entertainment, services, loans or other things of value (Gifts) where these would or might appear to improperly influence the Director in the performance of his or her duties on behalf of CVEA. Nor should any Director give Gifts to others where these might appear designed to improperly influence others in their relations with CVEA.

Directors and relatives may accept merchandise or advertising novelty gifts of nominal value, occasional meals and infrequent entertainment or social invitations if they are wholly in keeping with good business ethics and do not suggest an improper relationship. They should not be extravagant or excessive, nor result in any favored treatment for the donor or impose any sense of obligation upon the Director. This section is not intended to prevent Directors or

relatives from accepting appropriate gifts from other relatives, or arising from friendship. Nor is it intended to prevent reasonable compensation for legitimate services actually provided. Acceptance of any Gift with a value of over \$200 from a single source that has or may be seeking business relations with CVEA shall be immediately disclosed to the President. Any Gift or Gifts from a single source which total over \$500 in value and which have been given to a Director in his or her capacity as a Director may be required by the Board to be remitted to CVEA.

iv. Close Relatives

The term 'close relative' means a person who, by blood or in-law, including half, foster, step and adoptive kin, is either a spouse, child, grandchild, parent, grandparent, brother, sister, aunt, uncle, nephew or niece of the Director of CVEA, the CEO, or managers and supervisors. Any person residing in a Cooperative Director's or employee's households shall be regarded as immediate family. Spouse includes persons involved in a legal marital relationship or a relationship which, in CVEA's judgment, is characterized by the permanence, stability and duration normally associated with a legal marriage.

C. Role of Directors

1. General

It is important to the growth and success of CVEA that Directors play an active role on the Board. They should be familiar with the business of CVEA, participate fully in board meetings, and ask questions when appropriate. Subject to the President's ability to appoint members to committees, board members should exercise independent judgment in their actions and not hereby act at the direction of others. As set forth in Policies 102 and 104, the Board's role is to set general policy and guidance to be implemented by the officers and management. Individual Directors do not have direct hiring or disciplinary authority over any employees of CVEA. The Board, as a group, has authority over corporate officers, including hiring authority over the CEO. Unless specifically authorized by a vote of the full Board of Directors, no Director shall make commitments on behalf of CVEA. Directors shall avoid making or permitting use of CVEA's name in ways which could imply endorsement by CVEA or which could embarrass CVEA or its members.

2. Outside Activities

The Directors are leaders in the CVEA region and communities and are encouraged to participate actively in organizations which seek to advance the welfare of members when that involvement does not create a conflict of interest with their duties as a Director.

3. Personal Behavior

CVEA is best served by Directors who recognize that their conduct extends beyond the confines of the boardroom and corporate offices. Even after work or while not on CVEA business, customers, members and others see Directors as representatives of CVEA wherever they may be. By following the highest standards of conduct in their business and personal lives, Directors contribute to the integrity and image of CVEA and thus advance the goals and objectives of all members. When dealing with people as a Director or in other capacities, Directors should act in a manner consistent with this Code of Business Conduct and which reflects favorably upon CVEA.

D. Personal Benefit

No Director shall use corporate property for personal benefit unless such use has been specifically authorized as a part of a compensation benefit or employment contract. Corporate property shall be used only to benefit CVEA's business interests and to achieve corporate goals and objectives.

Directors will be reimbursed for the travel to attend board and committee meetings and on other corporate business in accordance with policies or procedures adopted from time to time by the Board.

Employee Handbook Policy 208, Hiring of Relatives, prohibits hiring any close relative of a Director. Section 4.02 of the Bylaws prohibits any person from serving as a Director if a close relative is a Director or employee of CVEA. Policy 107 requires that: *If members of the immediate family of a Director or employee have a financial interest as specified above, such interest shall be fully disclosed to the Board of Directors which shall decide if such interest should prevent the Cooperative from entering into a particular transaction, purchase, or employment services.*

E. Corporate Information

Policy 107.B. provides as follows: *The complete confidentiality of business information must be respected at all times. Directors and employees are prohibited from knowingly disclosing such information to those who do not have the need to know, or whose interest may be adverse to the Cooperative, both inside or outside the organization; or in any way using such information for personal gain or advancement; or to the detriment of the Cooperative; or to individually conduct negotiations or make contacts or inquiries on behalf of the Cooperative unless officially designated to do so.*

Directors have access to private CVEA information obtained or developed in the course of CVEA's business. This may include information concerning employees, customers, competitors, business opportunities, potential future plans, partners, proposed or current investments, proposed or contemplated contracts or acquisitions, strategies concerning litigation, business negotiations, labor negotiations, or other information. All such private corporate information obtained

by a Director shall be used only for legitimate CVEA purposes. Such information shall not be used by the Director or relatives for any personal benefit or gain or to harm CVEA while the Director serves as Director or after he or she leaves office. Such information shall be provided by any Director only to those who have a legitimate need for the information in the normal conduct of the business of CVEA, or as otherwise may be required by law.

The restriction on use of corporate information shall continue after a Director leaves office. No Director or former Director shall make any use of such information in a way that is contrary to this Code.

Directors should refrain from the purchase or sale of securities or other property where such purchase or sale is based on confidential information or special knowledge acquired in connection with the business of CVEA.

F. Political Contributions

No Director shall make, authorize or permit any unlawful contribution, expenditure or use of corporate funds or property for political purposes. Directors shall not be reimbursed by CVEA for political contributions made as an individual.

G. Discrimination/Harassment

CVEA is committed to human dignity, the protection of its employees and to the creation of a positive work environment. No Director shall engage in any illegal discrimination against employees or Directors of CVEA for any reason, including on matters relating to race, color, religion, natural origin, sex, physical or mental disability, marital or family status or otherwise. No Director shall engage in harassment of other Directors or any employee of CVEA. 'Harassment' shall include any unreasonable, repeated or inappropriate verbal or physical conduct, or requests for such conduct, where (1) such conduct has the purpose or effect of unreasonably interfering with a person's work performance, or creating an intimidating, hostile or offensive working environment; (2) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; or (3) submission to or rejection of such conduct by an employee is used as a basis for employment decisions affecting such individual.

H. Self Evaluation

To be most effective in providing the corporate leadership required to make CVEA a success, the Board must engage in a regular process of evaluating how the Board is functioning, how effective it is at setting corporate policies, goals and objectives, and how it is working to realize CVEA's strategic plan. Periodically, the Board shall conduct a self-evaluation to make sure it is being as effective as possible. The purpose of that evaluation is to be certain that the Board is fulfilling its function of providing effective leadership, setting policy and monitoring the performance of management.

In conducting this self-evaluation, each board member may be asked to carefully evaluate his or her performance, the performance of other Directors, the performance of the Board as whole, and the performance of Board Committees with an eye towards changes or improvements which could be made to ensure that adequate information, in an understandable format, is provided to board members, that meetings are conducted in a way which promotes open and effective discussion of options among board members leading to appropriate and logical decisions, that Directors are able to reach consensus on general corporate goals and objectives, that decisions of the Board are appropriately communicated to management and members, and that management complies with board direction and that otherwise the Board functions effectively. After the Directors have each engaged in such a self-evaluation, the Board as a group should also evaluate changes or improvements that Directors feel need to be made.

The evaluation process should be done in a professional and business-like fashion and personal attacks or criticism should be avoided. The purpose of the evaluation is to make certain that the members are being effectively represented by the Board. Some factors that Directors may wish to consider are listed on Attachment C.

#### I. Litigation

Particular problems arise when a Director, individually or as a Director or officer of another Cooperative or corporation or other entity, participates in litigation against CVEA. While CVEA does not and could not take away the right of a Director to seek a judicial determination of legitimate good faith disputes against CVEA, a director who participates in litigation against CVEA must be very careful to act in a way that is consistent with his or her duty of loyalty. Any such Director shall (1) not be permitted to participate or vote on any matter relating to the litigation, (2) not make any use of private corporate information obtained in his or her capacity as a Director, and (3) not seek to enlarge the litigation beyond that which is necessary to obtain a determination of the dispute at issue. Where the litigation is likely to be prolonged, involves issues of importance to the Director or to CVEA, the Director, in consultation with the Director's own counsel, should consider whether it has become impossible to fulfill the duties of a Director to CVEA and consider resigning as a Director.

#### J. Drug, Alcohol and Tobacco Use

CVEA prohibits the use, possession, distribution or being under the influence of alcohol or illegal mind-altering drugs in the work place. Smoking is also prohibited in company buildings. Directors shall abide by these policies.

#### K. Compliance with Law

It is the policy of CVEA to comply with all laws governing its business operations. All Directors shall act in compliance with all laws and regulations and shall immediately report to the President of the Board (or Vice-President if the allegation involves the President) if they believe CVEA, any director, officer or employee of CVEA is operating in violation of any law or regulation.

L. Director Participation

CVEA is best served by directors who actively participate in CVEA. Regular attendance at board and committee meetings is essential to ensure that directors remain informed about the affairs of CVEA. Pursuant to Section 5.05 of the Bylaws, if a Director is absent from 5 regular board meetings in any 12 consecutive months with or without good cause, he shall be deemed to have resigned from the Board of Directors, and the vacancy thereby resulting will be filled as provided in Section 4.09 of the Bylaws.

**207.3 Responsibility**
